FEATURES

- Improved hydraulics deliver up to 2X faster cutting and compression speeds compared to previous generation tools
- 180° rotating head for ease-of-use and tool maneuverability
- Auto-retract ram increases productivity and provides faster tool reset after completed cycle. Ram retract can also be stopped mid-cycle for faster repeat operation
- Improved weather-resistant case design protects tool against rain and debris
- Handle-forward design provides improved ergonomics and tool balance
- Dual LED lights illuminate workspace in dark conditions
- Integral trigger-lock helps prevent inadvertent tool actuation during transport and storage
- Tested up to 75kV for use in live-line applications without damage to internal circuit
- 5 Yr. Tool / 3 Yr. Battery & Charger Warranty
